

Preparing an Offer to the Government

The committee appointed at the mass meeting to take charge of the matter of securing the 461 acres north of the city, are hard at work. Yesterday Messrs McKnight, Mills and Teis met and drafted a letter to the department in which they set forth their belief that the appraisal was unreasonably high. In justification of this belief, Mr. Clark the city engineer under the direction of G. D. Driskell is preparing a map which will show the environs of Anadarko for four miles around, and the prices at which land is selling.

The committee reiterate to the department their belief that the original offer is a more liberal one than the appraisal and inasmuch as it is in water and lights, a commodity produced by the city; within their reach. There is some doubt as to whether the terms of the bill will admit of anything but an entirely cash consideration, but the committee believe that it may be so interpreted as to imply cash only to the extent of the first payment, and that the balance may be otherwise.

It is hoped that the department may also see the matter in this light and that it may be possible to obtain the land on our original offer except the substitution of a \$4200 instead of the paving.

Run Over By Car Legs Are Crushed

J. E. Austin Hovering Between Life and Death Result of Accident

Another victim of the flying switch lies at his home with both legs severed, J. S. Austin, proprietor of the North Star hotel was run over by a car last night while he was waiting near the Rock Island depot.

From what can be gathered from the Mr. Austin, he was walking along the track, watching out for the engine which was facing him. The glare of the electric lights seemed to blind him, and he did not see the car that was coming down the side track, which had been cut off and allowed to run down alone. Stepping on the

right side to avoid the engine, he was run over by the moving car on the side track.

The thigh of the left leg was crushed, and below the knee of the right leg was mangled to such an extent that both were amputated by surgeons. Owing to the crushing process, hemorrhage was small but the shock was great.

Mr. Austin is past the middle age and owing to the seriousness of the accident chances for his recovery are not the best.

DR. BAIRD'S LECTURE WAS A MASTERPIECE

"Happiness and contentment is better than riches" was the gist of Dr. Baird's lecture on Gumption. The day night at the Methodist church. It was a rich treat to those who heard it—full of common and practical sense.

It is better to seek that which will be of practical benefit, in life, than to strive for that which will deprive us of happiness, or prove an asset of no value thinks Dr. Baird.

Strife for riches, higher education, seeking the city and its glamour, prove many times to be sources of disappointment and sorrow. It is better to get that which will make us happy and content, even though we remain in humble sphere, than seek that which we cannot enjoy if accomplished, or always seeking, never find.

With such thoughts delivered in logical and forceful manner, the Doctor held the delight audience for nearly two hours. It was a treat that will long be remembered by those who attended.

LOOKS LIKE TROUBLE AT ELECTION TIME

Threatened negro insurrection in the counties having black populations against the enforcement of the grandfather clause amendment to the constitution, was discussed at a conference yesterday between Governor Haskell and Adjutant General Francis Canton. The latter was assured that the national guard will be called out to quell any rioting at the polls if necessary.

No less than twenty reports reached the capital yesterday of bad blood among blacks in Seminole, Lincoln, Okfuskee, Creek, Wagoner, Okmulgee, Muskogee and McIntosh counties. The announcement that the supreme court had upheld the grandfather clause amendment and the probability of the federal court denying an injunction to a similar effect, electrical effect in negro settlements.

A letter reached the Governor yesterday from Lincoln county signed by fifteen citizens, in which it was declared that on two occasions recently negroes of that county purchased all the guns and ammunition in the stocks of two stores and that calls are being made for more.
